# Louada FARMS

**SECOND  
ANNUAL  
SALE**

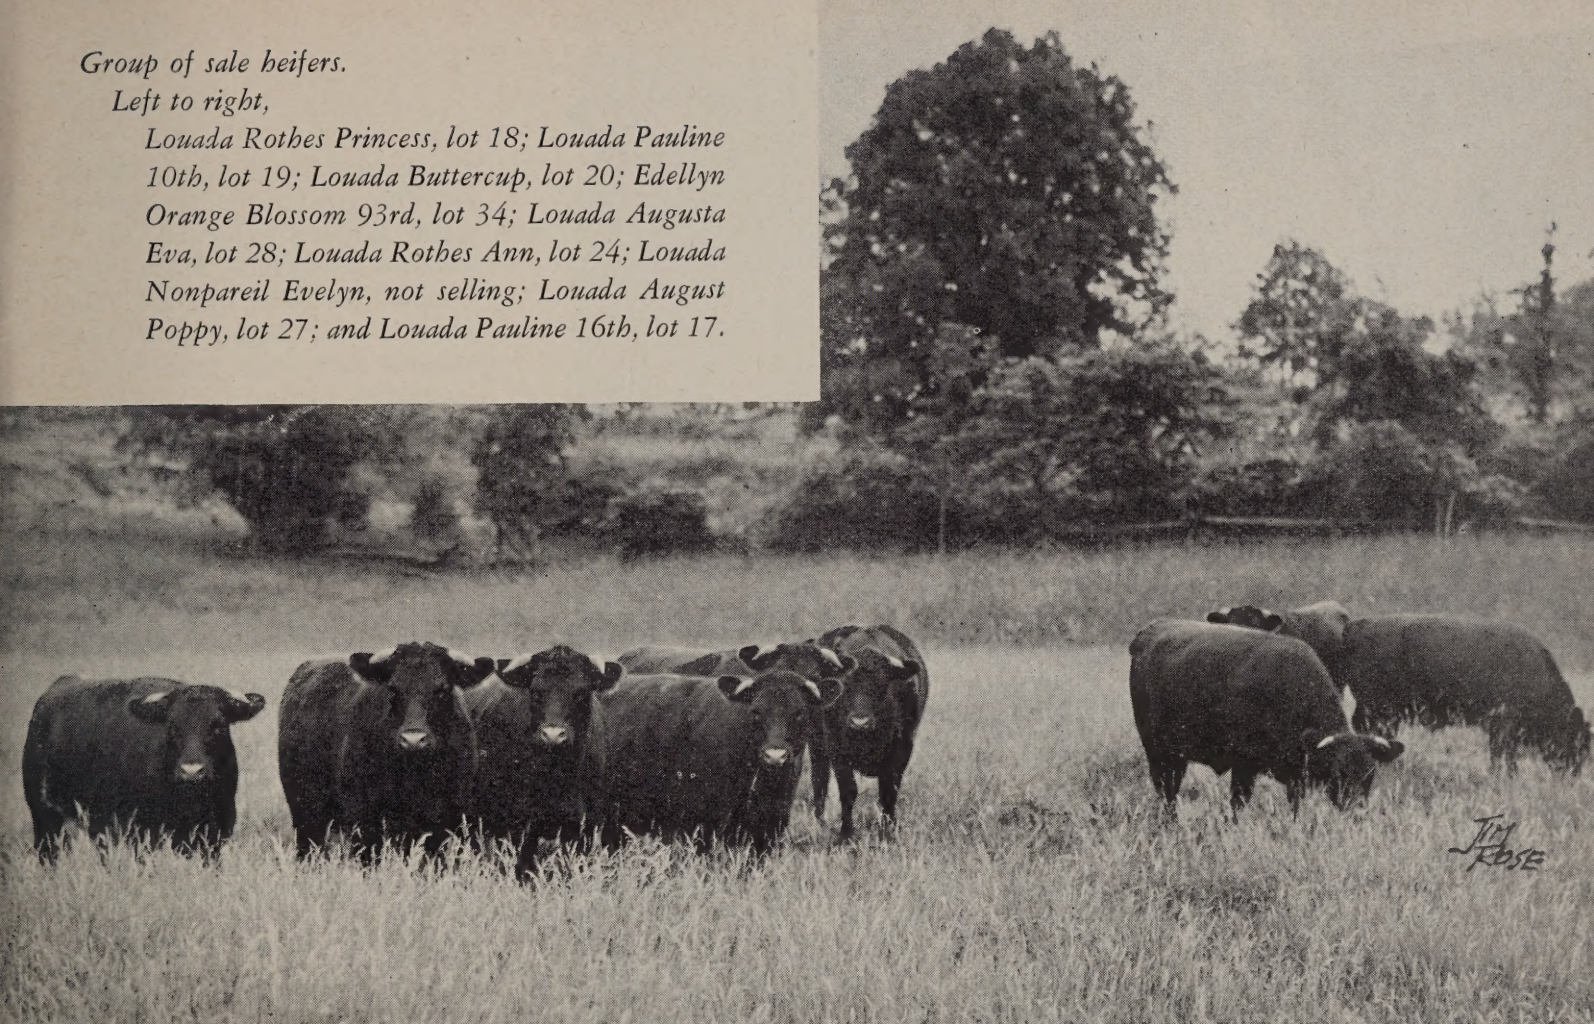

*Group of sale heifers.*

*Left to right,*

*Louada Rotbes Princess, lot 18; Louada Pauline  
10th, lot 19; Louada Buttercup, lot 20; Edellyn  
Orange Blossom 93rd, lot 34; Louada Augusta  
Eva, lot 28; Louada Rotbes Ann, lot 24; Louada  
Nonpareil Evelyn, not selling; Louada August  
Poppy, lot 27; and Louada Pauline 16th, lot 17.*

Three promising young bulls, all selling in this sale. Left to right, Louada Principal, lot 7; Louada Victorious, lot 8; and Louada Mandate, lot 12. They were seven, eight, and nine months old when this picture was taken in July.

### ***On The Front Cover***

of this catalog is a reproduction of a painting of Bapton Constructor, by Thomas Mofat, Aberdeenshire, Scotland. The building in the background is Cairnbrogie House at Bapton.

We thought the most significant comment about our 1955 sale offering was made by a leading breeder, H. H. Allen, Phoenix, Maryland, president of The American Shorthorn Breeders' Association, who has attended about as many Shorthorn functions as anyone we know. He expressed the sentiments of many when he said:

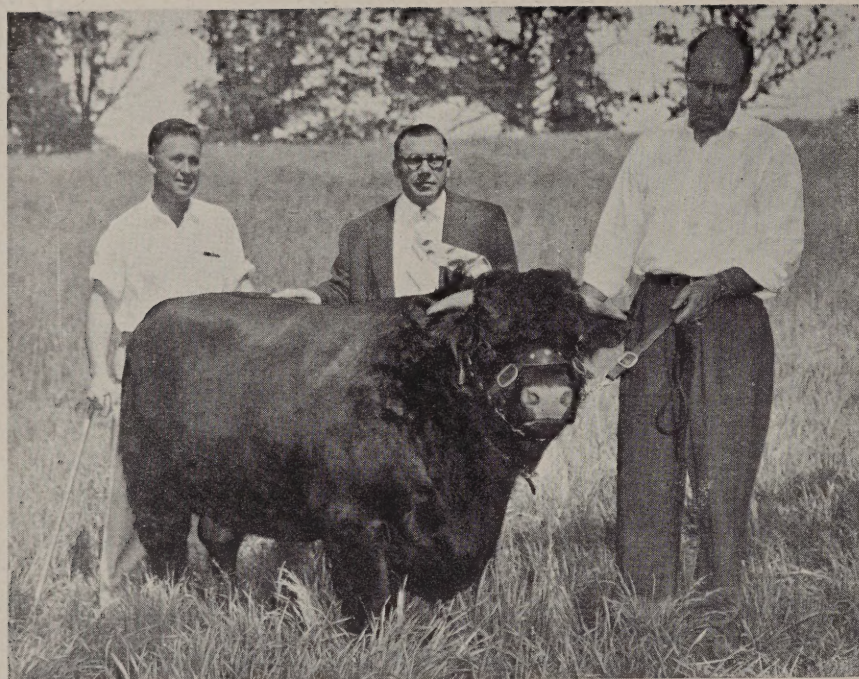

*"I've never seen an offering where a man could bid so far down the bull list and have it make so little difference."*

We believe you will agree the 1956 sale bulls by Calrossie Armada set an even higher mark for uniformity and quality.

The rear quarter of Louada Principal, lot 7. This picture was taken at eight months of age.

Bapton Constructor. This picture was taken at the welcoming for him the day he arrived at Louada. Left to right, Wilbur Donaldson, manager, Louis Cadesky, owner, Kenneth Wells, Veterinary Director-General for the Dominion of Canada.

We urge everyone to attend the 20th Annual Klaymor-Glenburn sale to be held at Unionville (near Toronto) on Saturday, October 20. We will have cars at this sale to take you to Peterboro on Saturday evening.

Last year we were delighted to have so many members of the Shorthorn fraternity attend our first annual sale. We hope that you will return again this year, and bring along your friends.

It is our aim to produce and sell only the best. We are confident this sale offering warrants your close and careful attention.

Plan to arrive on Sunday, October 21st so that you will have an opportunity to inspect the breeding herd at leisure. During the evening we will hold open house at the lodge where a buffet supper will be served.

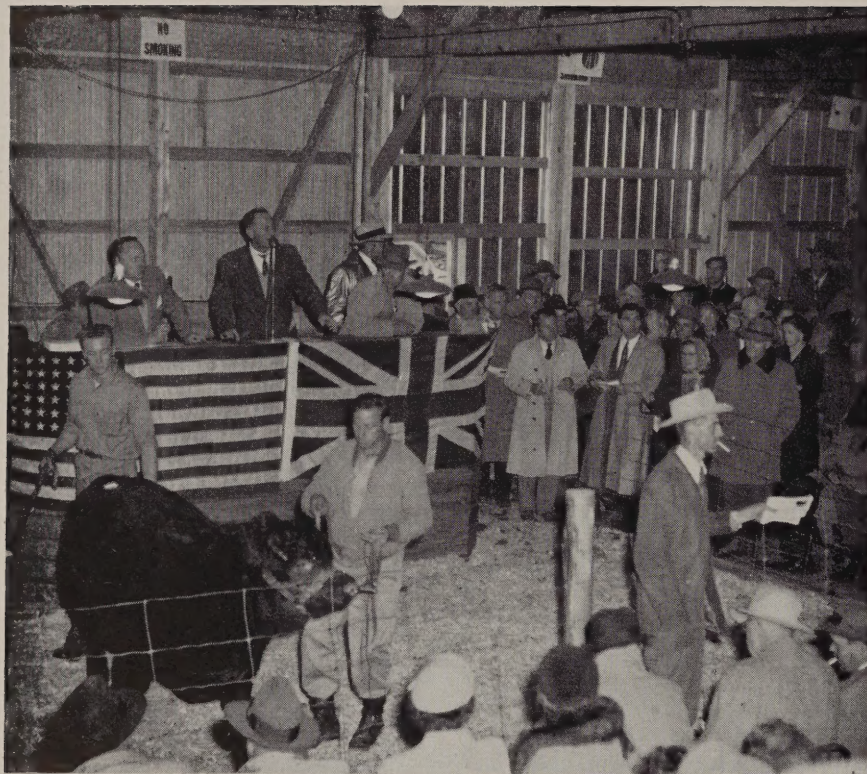

Again, we are eager to welcome old friends back to Louada, and to greet new friends on their first visit.

*Louis Cadesky*

Scene at the 1955 Louada Sale.

## SALE INFORMATION

**Time and Place . . .** Monday, October 22. 1 p.m. E.S.T. at Louada Farms, 20 miles north of Peterborough. Approximately 90 miles from Toronto.

**Transportation . . .** From Toronto the Canadian Pacific runs frequent trains. Toronto is easily reached by any means of transportation. If you wish to be met in Toronto we will be happy to do so, but we must know sufficiently in advance. See page 72 for train and plane schedules.

**Hotel Accommodations . . .** Sale headquarters will be the Empress Hotel, Peterborough. You can make reservations directly with them or we will be glad to do this for you. If you prefer a motel, there are several good ones and we can make reservations for you.

**Auctioneers . . .** C. D. Swaffar, Tulsa, Oklahoma; H. P. Miller, Danvers, Illinois.

**Guarantee . . .** All of the cattle will be sold under the standard guarantee endorsed by the American Shorthorn Breeders' Assn.

**Health . . .** The cattle will be tested for T. B. and Bangs within 30 days of the sale, with the exception of under-aged vaccinated heifers in which case vaccination certificates will be provided. All papers necessary for export will be provided.

**American Assn. Fee on Animals Imported From Scotland . . .** Wherever these fees are applicable in order to register animals sold in this sale in the American herd books, they will be paid by Louada, with the exception of lots 40, 42, 43 and 44 direct imports from Scotland from which we have no calves in the herd. In the event of U. S. purchasers of lots 40, 42, 43 or 44 it will be their obligation to pay the \$200 fee.

**Terms . . .** The terms of the sale are cash. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyer's risk as soon as bid off but Louada will assist in making shipments and loading on trucks.

**Liability . . .** Louada Farms accept no liability for accidents that may occur, although everything will be done to provide for the comfort and safety of those attending. Accidents at cattle sales are very rare, but all who attend must do so at their own risk. The sale manager, auctioneers, and clerks were employed by Louada for specific tasks promotional and clerical and have no connection with the handling of the cattle or the condition of the premises.

**Farm Phone . . .** Lakehurst, Ontario 5, Ring 3.

**Toronto Office Phone . . .** Louis Cadesky, Empire 30412.

**Mail Bids . . .** We hope that it will be possible for you to attend this sale. If you cannot and wish to send a bid, it may be sent to any of the following:

Harold White, Executive Secretary, Canadian Shorthorn Breeders' Assn., Gummer Bldg., Guelph, Ontario.

Don Longley, The Shorthorn World, 16 South Locust Street, Aurora, Illinois.

E. H. Stoltz, Eastern Representative, Canadian Shorthorn Assn., Aurora, Ontario.

Wilbur Donaldson, Manager, Louada Farms.

C. K. Tomson, Harding & Harding, Geneva, Illinois, or to any of the auctioneers.

**Further information about sale cattle . . .** We shall be glad to send you our critical appraisal of any of the sale animals.

**DON LONGLEY, Sales Manager**  
16 South Locust Street, Aurora, Illinois

### FREE DELIVERY TO TORONTO AND CHICAGO

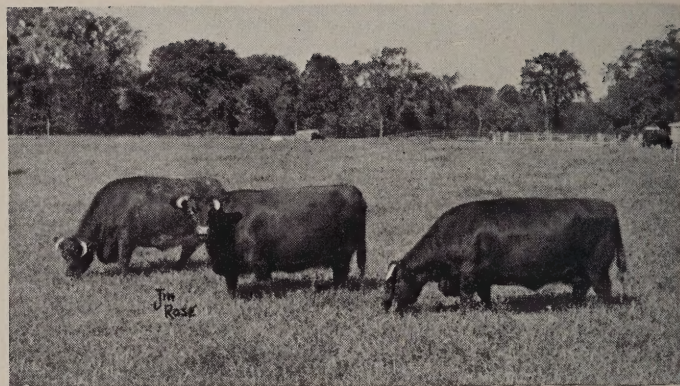

If the buyer wishes, we will hold and deliver cattle free of charge to the INTERNATIONAL LIVESTOCK SHOW IN CHICAGO and to THE ROYAL WINTER FAIR IN TORONTO. We reserve the right to exhibit at these two shows any of the animals in this sale that we select.

All of the pictures of the sale animals are unretouched.  
They were taken in July.

# Your visit to Louada - -

It's a trip you'll never forget. The cows will all be close at hand. They will be numbered for easy identification. We want you to see them all — particularly the dams of the sale cattle.

Three typical Louada cows. Left to right, Louada Princess Royal 3rd; Muirside Princess Royal 28th, dam of lot 7; and Naemoor Waterloo Blush, dam of lot 11.

You will  
relax and  
enjoy  
yourself at  
the lodge.

The sale bulls will be in outdoor lots. Pictured is Louada Fascinator, sold in last year's sale to Nelson Farms, Geneseo, Illinois.

Left, a few of the bred heifers and cows with calves in last year's sale. In the next pasture breeders are studying the cow herd.

### ***23 females sell bred to Bapton Constructor.***

If a progressive breeder should buy just five of them, he would have one of the finest foundations ever laid. When you consider the value of the calves in dam, the cost of a Louada female is reduced to very little. Nowhere, in our recollection, have you had such an opportunity to buy in dam calves that had a better chance of becoming great stock bulls.

This group handles the work at Louada on the farm and with the cattle. At the extreme left are Phil Payne and Gordon Aiken, herdsmen. Standing to the left of Wilbur Donaldson is Charlie Smith, herdsmen, and to Donaldson's right is Reg Luke, farm foreman.

**Bapton Constructor**

## *Louada's \$50,000 Investment in the Future*

Two years . . . travel throughout North America . . . a half dozen trips to Scotland . . . were all wrapped up in the search for the right bull to follow Calrossie Armada.

We saw Bapton Constructor when he was a small calf, again when he was seven months old, and again when we bought him in February. The big problem was to convince Cecil Moores and Gordon Blackstock they should sell him. He had been selected for herd duty at Bapton. Many attractive offers had been refused. However, he was the first calf by Calrossie Constellation, a bull that has many years ahead of him, and they have a full brother, to Constructor a year younger, that looks like the same kind of a stock bull. Also, we permitted them to keep Bapton Constructor for three months so they could settle a number of their best cows to him. They stated that if they did sell him, it would have to be for a new record price. They never wavered from this figure for a moment.

It is not only important to Louada, but to the entire breed, that such a bull was acquired to use on the daughters of Calrossie Armada and the other members of the Louada herd. It remains for history to record his influence on the growth of our great breed and the entire beef industry.

Bapton Constructor and Mrs. Louis Cadesky. This picture was taken at the welcoming ceremonies, June 15, the day of his arrival at Louada.

Calrossie Constellation, sire of Bapton Constructor.

## 23 Females Sell Bred to Bapton Constructor

We want everyone to feel they will have an opportunity to buy a Bapton Constructor calf-in-dam by coming to the Louada sale. That is why we are offering 23 females, either safely in calf to him, or with breeding privileges. No heifer bred to Bapton Constructor will leave until she has been examined for pregnancy and pronounced sale in calf.

Never before has there been such an opportunity to buy in dam calves with more likelihood of becoming your future herd sire.

## About the Pedigree of Bapton Constructor

**Calrossie Constellation** — Sire, Calrossie Welcome; dam, Calrossie Flossy Beau by Kirkton Baronet. Calrossie Constellation was purchased for 5600 gns. at the 1954 Perth sale. He is a great-headed, thick, smooth bull with tremendous bone and substance.

Calrossie Welcome and Kirkton Baronet need no comment to those familiar with Shorthorn pedigrees. These are the two top sires in the pedigree of Calrossie Armada. The Armada-Constructor cross will provide concentration of the blood of Calrossie Welcome and Kirkton Baronet.

**Calrossie Flossy Beau** — Perhaps the best Kirkton Baronet female at Calrossie.

**Aldie Augusta Johanna** — Was purchased by Bapton from Finlay MacGillivray at a high price when six months old. She is one of the outstanding females at Bapton.

**Aldie Jonathon Adonis** — Junior champion at Perth, 1951, and sired by the 5,000 gns. Calrossie Adonis by Kirkton Baronet.

**Aldie Augusta Monaveen** — Perhaps the best female in the Aldie herd. Her dam, Calrossie Augusta Maud was purchased in the Calrossie draft sale in 1950 for 900 gns.

(NOTES ABOVE TAKEN FROM PERTH CATALOG)

Calrossie Armada

No bull to arrive on the Shorthorn scene in the past decade has created more enthusiasm than Calrossie Armada. Although his first sons were sold just two years ago, already we are beginning to see what a great influence this bull will have upon our breed. This will become even more apparent in the next twenty-four months as the calves by these first bulls reach maturity and become prominent winners and sale tops throughout the continent.

Louada Forager was one of the first sons. You will see for yourself how this son of Armada is breeding. To us, the true test of any bloodline is its ability to transmit with potency into the second and third generations, and further. We have had the privilege of seeing calves by Armada sons in about ten different herds. Always the story is the same — great heads, style, bone balance, thickness, smoothness, good doers, beautiful dark colors. The calf crops are uniform from end to end. If you are tired of up and down calf crops — of bulls that sire just a few good ones each year — we know of no better way to solve the problem than through the use of Calrossie Armada blood.

The proof of our statements is right here at Louada. This is not a large cow herd. Naturally we do not breed them all to Armada. Figure the number of sons we could possibly have against the number that are selling. It will be obvious that Armada does not sire any of the kind we have to hide, or that we sell at private treaty so they won't be around for you to see.

There seems little reason to comment on such a bull's pedigree. Most of you know we paid \$27,000 for him, that one full brother is in service at Naemoor, that another full brother was the 1955 Perth champion and sold for \$25,000 to Australia.

## Reference Sire

## CALROSSIE ARMADA

Red, born January 1, 1951. Bred by John and D. P. MacGillivray, Calrossie, Nigg, Ross-shire, Scotland. Owned by Louada Manor Farms, Peterborough, Ontario.

***The Sire The  
Breed Has  
Been  
Waiting For!***

Below, three sons of Calrossie Armada. Photograph taken in 1954.

***The Greatest Parade of  
Bulls By One Sire Ever Offered***

Louada Fearless. This son of Calrossie Armada was the first prize summer yearling bull at the 1954 International. Here is how he looks in his new home at The Hickories, Pardeeville, Wisconsin, in this amateur snapshot taken this spring.

On the next three pages are comments from letters sent us by some of the herds that have purchased sons of Calrossie Armada.

"Our bull, Louada Commander, is pictured, or his head is pictured, every month in the Shorthorn World. You know our opinion of this bull or we would not be spending our hard earned cash advertising him in this manner and in other ways. We are proud of him, and since his purchase in the October 1955 sale, he has, we feel, improved every day in bone, conformation, his straight lines and legs, a breeding head, and, also, proper size.

"We recommend the Louada cattle to anyone wanting top cattle. In all my experience of looking at cattle, I have never seen as many good cattle in any one herd. The efforts of Mr. Cadesky and Wilbur Donaldson to produce top cattle are certainly paying off, and anyone wanting to buy healthy, vigorous top Shorthorns should not fail to look over these cattle. We did not get our bull home until December and the next day we bred our first heifer to Louada Commander. She settled on first service, and we have had no breeding troubles whatever.

"Our first calf will arrive in September, and by sale time on October 22nd, we will be at Louada Farms, and am sure that the calves dropped will, at that time, meet our expectations."

Trinity Farm  
True Buckmaster  
Portland, Indiana

**“ . . . the best set of calves in sixteen years . . . great heads, thick . . . ”**

“The bull has developed wonderfully well and to say that we are pleased is an understatement. He has a tremendous amount of red meat from his hooks back down through his quarter, a wonderful set of legs and is going to make a big bull. Everyone that views the bull is impressed by his thickness and the way he carries his width back through his rump and down through his quarter. We presently have 16 calves on the ground and we are thrilled to death at the way they are developing. These calves are going to be a little too young for us to show any this year but our Shorthorn exhibit in Chicago of 1957 will definitely have a Louada Gladiator influence. Straight through they are thumbs down the best set of Shorthorn calves that I have seen here at Oklahoma A. & M. College in the 16 years I have been closely associated with the cattle operations.

“Without mentioning any names I will tell you of a statement that a very prominent breeder of the southwest who has traveled and visited Shorthorns in this country but also abroad described him as the bull of tomorrow and he was particularly impressed by the great amount of red meat that this bull has under his hide.”

Glen Bratcher  
Head, Animal Husbandry Department  
Oklahoma A. & M. College

“Louada Golden Archer, which we purchased in the 1955 Louada sale for \$4,600, has done very well for us. He has one of the greatest heads of any bull I have ever seen. He was not quite a year old when we bought him, but he has developed very well. We are looking forward to our first calves late this fall.”

Ben G. Studer  
Wesley, Iowa

“The calves by Louada Footstep have filled our expectations. They are uniform with great heads, colors, thick, smooth and right on the ground. We like their ruggedness and strength. Although we want to keep as many daughters as possible, we are anxious to get the first calves out to shows and sales, so we can show everyone what a good breeding bull we have.”

LeRoy Bruninga  
Elmwood, Illinois

**" . . . bone, scale, deep ribbed . . . a grand set of show calves"**

"You will, no doubt, be pleased to hear that the bull we bought in your sale last year, Louada Grand Duke, has done extremely well. He has developed into a very fleshy bull, smooth and well covered with a good head and most of the essentials of a stock bull. I was very glad to see his full brother when I was at Louada in July — I thought he was a grand calf.

"I was also very impressed with the calves you have by Calrossie Armada and Louada Forager. I believe that they are the best bunch I have seen you with to date. I was sorry that you could not be there but we were taken care of with the usual Louada hospitality."

Fred McWilliam  
Edellyn Farms  
Wilson, Illinois

"Louada Governor was purchased by us with the idea of furthering those fundamental characteristics so necessary to success — bone, scale, depth of rib, a good head, and fleshing. Purchased at a young age, we wondered whether these characteristics would develop as we had hoped. It is with satisfaction to us, and I am sure, to you, also, that we can report his excellent development along the lines we expected.

"This young bull has undergone heavy service in our herd with satisfactory results. This, I am sure, stands as a tribute to

the practical manner in which you fit and prepare your bulls for successful service in the hands of the new owners.

"The calves by Louada Governor have not yet arrived, but we feel confident we have picked a herd bull of merit."

Campbell Lamont  
Guelph, Ontario

"I thought you would be interested in hearing about the calves by Louada Consort. We will have some of his first calves along this winter at the shows and think they look as good or better than those we have shown in the past. I am sorry not to have pictures of them, but, better still, come on out and see them.

"I was at Louada in August. If possible, the sale cattle look even better than a year ago. It would take some sorting for anyone to pick the top bull and feel sure of his choice. Of course, my main reason for making the trip was to see Bapton Constructor. It is well worth the time and expense for anyone to see this bull — to say nothing about the possibility of being able to buy a female bred to him. I say without hesitation that breeders of North America will be able to benefit through the use of his progeny for years to come."

W. N. Anderson  
West Liberty, Iowa

# RED MEAT-

Producing cattle with the highest possible quantities of red meat is a matter of selective breeding. They must have smooth, muscled fleshing; width all along the back and down thru the quarters. Masculinity in bulls is important. Look for muscle and strength. Avoid gob and sloppy conformation.

First prize get of sire, 1954 International, by Calrossie Armada.

In the 1956 Herd Bull Number of The Short-horn World there were eight different articles on this single subject. It is of importance to every breeder. The bull of the future must not only be a rapid gainer, but he must be a rapid gainer of Red

Meat. Ask yourself this question — are my gains Red Meat gains?

It isn't necessary to sacrifice size or doing-ability to produce Red Meat. Come to Louada and we will show you what we mean.

The program at Louada is important to every Shorthorn breeder. I hope all of you will be able to visit Louada soon. You will leave with a renewed confidence that from such patterns as are being molded here, our breed will expand tremendously in popularity.

Here you will never say to yourself, "If they only had the right bull to mate to these cows," or, "Why don't they buy some better females." Such things are done here as a simple matter of policy. There always seems to be no room for herd improvement. When things need to be done, Louis

## You Can Buy Them October 22

Left to right, Nonpareil 12th, lot 35, by Tolquhon Authority and bred to Louada Factor; Louada Blood Royal 4th, lot 30, by Louada Diplomat, will have calf at foot by Louada Factor; Easterlovat Gertrude, lot 40, by Kirkton Justin and bred to Bapton Constructor; Gibbonedale Waterloo Bertha, lot 33, by Louada Marshall, calf at foot by Louada Glorious, re-bred to Bapton Constructor; Gibbonsdale Nonpareil, lot 32, by Louada Marshall, bred to Louada Goldspur; Easterlovat Gloria (not selling); Burnton Princess Zoe, lot 43, by Cruggleton Neville, bred to Bapton Constructor; Zoe's Fanny, lot 36, by Tolquhon Authority, bull calf at foot by Louada Foreman and re-bred to Bapton Constructor; Louada Cinderella Phyllis, (not selling), by Calrossie Armada; and Lochwinnoch Rothes Fancy, (not selling).

Cadesky and Wilbur Donaldson are the first to recognize them and do it.

The group of bulls by Calrossie Armada this year are even better than a year ago — and anyone who attended the 1955 sale will attest to their quality. I do not know of a single animal in their 1955 sale that presented a breeding problem for its new owner.

*Don Longley*

The Shorthorn World  
Sale Manager

In selling Louada Forager pictured above we retain the following interest. We retain the right to use the frozen semen from this bull now on hand at Louada (approximately 100 services). We retain further the privilege of drawing semen from this bull at his new home amounting to 100 services (approximately one ejaculation). Possession of this bull will at all times be the privilege of his new owner.

## Why We Are Selling Louada Forager --

Each year Louada will hold over one top son of Calrossie Armada for herd duty. Because we have Calrossie Armada and Bapton Constructor, this bull will see limited service. He can just as well be a yearling as a two year old. Therefore, from time to time, in our sales, we will be selling a proven son of Calrossie Armada.

Louada Forager was the first son selected. He has been in service about twenty months. Three of his first sons and daughters will be sold in this sale. You will agree they are among the very best in the herd. You will see many others, younger calves, by Louada Forager. There can be no doubt of his ability.

We are convinced so deeply that Louada Forager is one of the great sires of the breed, that we are selling him only with certain stipulations stated at left.

Louada Princess Royal 6th. Lot 21. She is one of the first calves by Louada Forager.

**Louada Forager**

**Louada Forager** — A son of Armada we have used liberally. Three of his first calves sell and others will be on display sale day. These calves will be the only footnote Forager needs. Had it not been for the purchase of Bapton Constructor we would not think of selling this bull. We looked for two years for a stock bull to use on the daughters of Armada and Bapton Constructor was the only one we found to push Forager out of use on his half sisters. Forager could help any herd in the world.

Roan, K. P. MacGillivray

**Louada Challenger** — Full brother to Louada Commander bought by True Buckmaster, Portland, Indiana, in our 1955 sale. The first calf from Roth's Carlotta was Kirkton Hercules which was chief stock bull at Bapton for several years and was purchased for 5000 gns. Her second bull calf was sold in the Kirkton Dispersal to Jas. Scofield at 1500 gns. to go to South America. The dam of Carlotta was bought by the late Duncan Stewart and her young bull calf sold for 2000 gns. to Mr. Scofield. Carlotta's only heifer was the top selling female of our 1955 sale, selling to W. H. Merry of Milton, Ontario.

Louada Commodore

**Louada Commodore** — From a great breeding family of cows with wonderful heads and strength of bone. Three daughters of Millhills Blood Royal 30th have been retained in the herd.

Louada Cavalier

**Louada Cavalier** — From another great breeding Kirkton family. Clipper Cornelia was bought in the Kirkton Dispersal; her daughter was high-selling yearling in the sale going to Beaufort at 920 gns.; her five month old heifer calf was top selling calf and sold to S. G. Bennett for 1020 gns. She is the dam of Coronach, herd sire in the Hedley Brown herd at Turtleford, Sask. A full sister of Cavalier has been retained in the herd and is just up to calving.

Louada Principal. For a rear view picture of this bull see page 3.

**Louada Principal** — Full brother of Louada Governor sold in our 1955 sale to Campbell Lamont of Guelph, Ontario and of Louada Princess Royal 5th bought by Archwood Farms, The Plains, Virginia. Many good judges select Principal as one of the best sons of Armada.

Another view of Louada Forager. Taken at 15 months. He sells as lot 1. He is also the sire of lot 10.

**Louada Favourite** — The first son of Louada Forager to be offered at auction. From the good Cinderella family. Granddam was champion at Erin Show as a calf. This calf is positive proof of the value of Forager as a stock bull.

Louada Neptune

**Louada Neptune** — From the great Naemoor Waterloo family. The dam of this calf is a three-quarter sister of the dam of Louada Consort, herd sire of the W. N. Anderson herd of West Liberty, Iowa, and Louada Gladiator, herd sire at Oklahoma A & M College. Be sure to see the dam and full sister of Louada Neptune. Other daughters of this cow are in the Edellyn and Creekland herds.

### ***Twenty-Three Females Sell Bred to Bapton Constructor***

Group of sale heifers. Left to right, Louada Rothes Princess, lot 18, by Calrossie Armada and bred to Bapton Constructor; Louada Augusta Poppy, lot 27, by Louada Marshal and bred to Bapton Constructor; Louada Augusta Eva, lot 28, by Louada Marshall and bred to Calrossie Armada; Edellyn Orange Blossom 93rd by Edellyn Royal Leader 149th, lot 34, and bred to Bapton Constructor; Louada Rosewood 2nd, lot 38, by Chapelton Clansman and bred to Bapton Constructor; Louada Nonpareil Evelyn (not selling) and Louada Rothes Ann, lot 24, by Calrossie Armada and bred to Bapton Constructor.

First prize group of three bulls at the 1954 International.

### ***The Greatest Parade of Bulls by One Sire***

If you could parade the 12 sons of Calrossie Armada sold in the 1955 Louada sale, the 11 sons to be sold in the 1956 sale, plus the nine sold at private treaty before our sale series began, you would have the greatest parade of bulls by one sire in the history of the breed — uniform bulls, all with great heads, bone and substance, balance, thickness, and style. Calrossie Armada is just five years old — look what he has accomplished already.

### ***These Go Back to the Louada Herd***

This group of heifers will go back into the Louada herd to help us raise better sale offerings in the future. They cannot be bought at any price. They are nearly all sired by Calrossie Armada. The Louada herd is now large enough, and Armada sires them so uniformly good, that we are able to spare good ones for the sale, and still keep some for replacement and herd growth. We wish we could keep them all — but then we couldn't have a sale.

These heifers all sell.

**Louada Cinderella Jean** — We decided to sell this heifer at the last minute as a special attraction. She is possibly the top heifer from the group that we planned to keep for the herd. Although she has not been fitted for showing, we believe you will see immediately that she could win in the strongest competition. We figure this heifer is one of the best bets to raise an outstanding stock bull by Bapton Constructor. **We will keep her at the farm until she is safe in calf to Bapton Constructor.**

**Aranmor Cinderella 2nd** — From the popular Naemoor Cinderella family. Naemoor Cinderella Pride was one of the best cows ever to get out of Scotland. Will be calving in early September to the service of Louada Factor. Will be bred to Bapton Constructor.

Louada Blood Royal A 2nd, modern record priced Canadian bred female at auction. Sold in the 1953 Sale of Stars for \$4475 to Kickapoo Farms, Kenosha, Wisconsin. Shown are Mr. and Mrs. Raymon Duer, Kickapoo Farms, and Wilbur Donaldson. This heifer was sired by Louada Marshal. Lot 29 is a full sister. Lot 30 is also out of the same dam.

## ***Five Imported Females***

We had a difficult decision to make. We needed five more females to complete the offering. It was necessary either to dip into our replacement group and take five more daughters of Calrossie Armada, or sell five imported females, purchased recently to put into the Louada herd.

We decided to sell the imported females. These were never bought with the idea of being resold. They would not have been purchased for our own herd, without knowing their background, and without being confident they would be excellent producers.

Easterlovat Gertrude

**Easterlovat Gertrude** — From the good Calrossie Floss family. A real foundation heifer. **Bred to Bapton Constructor.**

**Morphie Orange Melody** — Note the breeding of this good young female. Has at foot a very promising calf by Calrossie Crocus Count. Bred to Bapton Constructor.

At Louada you are able to see the dam of nearly every animal in the sale — and in many cases the granddam. The cow herd will be located nearby at sale time. They are listed on page 71 with the numbers that will appear on their backs at sale time. The numbers generally correspond to the lot numbers of their sons and daughters in the sale.

Below: Millhills Secret 10th and Rothes Carlotta, dam of lot 4. The calves are by Calrossie Armada.

Behind Every Louada Animal  
*... a great sire  
 and dam!*

# The Louada Cow Herd

In Polled Shorthorns, too, Louada bloodlines are leading the way. Pictured above is Creekland Lancer x, grand champion bull 1955 International Livestock show. Also grand champion at Illinois and Ohio State Fairs. Never defeated. He is a son of Louada Developer. He was bred at Creekland Farms, Clinton, South Carolina, and is now owned by Oakwood Stock Farms, Ashville, Ohio.

## TRANS-CANADA AIRLINES

The October schedule of Trans-Canada was not available at the time this catalog went to press. There are five flights a day each way from Chicago to Toronto. Frequent flights from the Canadian West. From New York to Toronto via Buffalo both American and Trans-Canada have good service.

We will have cars at the airport to meet the first two planes from Chicago on Sunday, October 21. We will also check arrivals on Sunday morning from the Canadian West and arrange transportation with cars meeting the Chicago plane.

It takes approximately two and one half hours to drive from the Toronto airport to Louada Farms.

## CANADIAN PACIFIC RAILWAY

These times may change slightly after October 1.

		Except Sun.		
Lv. Toronto (EST)	9:20 a.m.	10:55 a.m.	5:40 p.m.	11:00 p.m.
Ar. Peterboro (EST)	11:30 a.m.	12:15 p.m.	8:00 p.m.	1:05 p.m.
		Except Sun.		
Lv. Peterboro (EST)	5:50 a.m.	12:30 p.m.	5:15 p.m.	4:30 a.m.
Ar. Toronto (EST)	7:55 a.m.	1:50 p.m.	7:30 p.m.	8:05 a.m.
Lv. Chicago (CST)	7:50 p.m.	11:59 p.m.	8:30 a.m.	
Ar. Toronto (EST)	8:40 a.m.	3:05 p.m.	10:05 p.m.	
Lv. Toronto (EST)	10:00 p.m.	8:00 a.m.	5:45 p.m.	
Ar. Chicago (CST)	8:10 a.m.	8:55 p.m.	6:45 a.m.	

(Canadian National has Chicago-Toronto service and takes approximately the same time.)

## CARS FROM PETERBOROUGH TO FARM ON SALE DAY

Cars will leave the Empress Hotel at 8 a.m. and 9 a.m. sale day morning for Louada. It's about a 25 minute ride. We will also meet the trains coming in from Toronto on Sunday.

If the train from Chicago Sunday morning is too late to make connections with the 9:20 to Peterborough call the farm, Lakehurst 5 Ring 3 and we will make arrangements to include you in the group that will be driving up from the airport.

We urge you NOT to plan your connections so close that you arrive in Toronto Monday morning.

## DIRECTIONS TO FARM BY CAR FROM PETERBOROUGH

Follow Hwy. 7 north of Peterborough for 3 miles. Drive off Hwy. 7 at first Y on black top. From there you will see signs at every corner. It is approximately 15 miles from the Y to the farm. The farm is on Pigeon Lake near Lakehurst.

**On The Back Cover**

Calrossie Armada is pictured in front of the home of Mr. and Mrs. Wilbur Donaldson on Louada Farms.
